

## EVERY SQUARE FOOT 1X CDM-TC 70W

Every square is a sleek, unusually flexible and adjustable fitting. It consists of two squares, connected with a single hinge. This allows the lower square to rotate through 360° and makes it possible to play with shapes: you can dangle the fitting from one corner, make it into an L-shape or a rectangle. Ceiling and track-mounted versions are available. This fitting won a Red Dot Award in 2006.
