

RUUTE LED <150LM GE

As orientation lighting, Ruute will help you stay on the right path. Ruute owes its name to the West Flemish word for 'window'. The fitting consists of a sleek square in which the LED lamp is located at the top and illuminates a white polycarbonate panel. This makes it look like the light is shining out of a window. Ruute is available with a black or white structure. Designed by Couvreur & Devos.

Art. Nr. 12320032

SPECIFICATIONS

Lamp	1x LED-strip 12V 0.75W
Gear / Transfo	LED gear not incl.
