

MINI A(R)MOR LED GE

The design of Mini A(r)mor, based on that of its older sibling A(r)mor, is also inspired by the unusual look of stealth bombers. The small version serves as indoor orientation lighting. With its LED light (warm or cold), it provides an up/down lighting effect on the wall or ceiling. Install several fittings together, possibly arranged at random, to create a playful effect. Only available with a white structure.

Art. Nr. 11410209

SPECIFICATIONS
