

ARMOR IP67 LED <250LM GI

Among other things, stealth bombers use a special geometrical design to remain hidden on the radar. This served as inspiration for A(r)mor's sleek design. The low-level garden fitting seemingly skims your (garden) path, terrace or facade with its wide LED beam. Available in a single version (uplighter or downlighter) or as A(r)mor Double (uplighter and downlighter). Designed by Rotorgroup. Awarded a Henry van de Velde Label in 2007.

Art. Nr. 11170819

A(R)MOR DOUBLE IP67 LED GI

Among other things, stealth bombers use a special geometrical design to remain invisible on the radar. This served as inspiration for A(r)mor's sleek design. The low-level garden fixture seemingly lightens your (garden) path, terrace or facade with its wide LED beam. Available in a single version (uplighter or downlighter) or as A(r)mor double (uplighter and downlighter). Designed by Rotorgroup. Awarded a Henry van de Velde Label in 2007.

Art. Nr. 11170919
