

# MIX

design Alberto Meda / Paolo Rizzatto, 2005

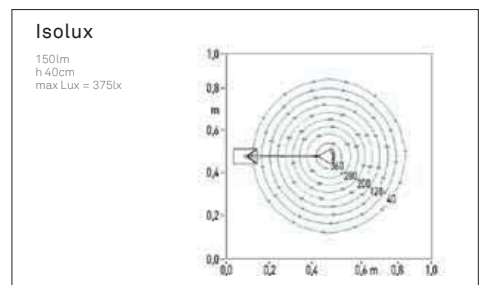

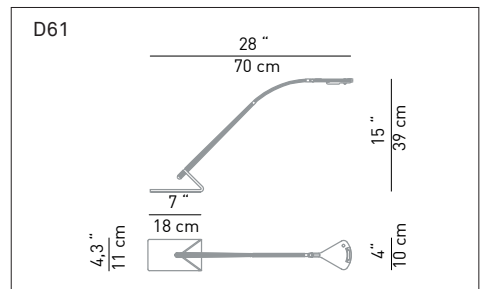

**LUCE  
PLAN**

Type: Table  
Lamps: LED 5W warm white 3100°K\*  
Product use: Indoor  
Materials: Stainless steel structure, lampshade in technical aluminium material and polyester.  
Colors: Structure in alu  
Description: A new reading lamp with a lightweight frame that uses the new LED Chip on Board technology. A series of multi colour diodes (LEDS) produce an intense light source, warm and pleasant with low energy consumption (only 5Watt). Mix provides an average duration of some 50,000 hours. When it is switched off, its profile is illuminated with a blue light so that the lamp can be found even in the dark.

Insulation class:   

Awards: Lights of the future, Light+Building/Frankfurt, 2006  
Compasso d'Oro ADI 2008, prize

Reference code: 1D61N=000020 metal

\*The LED lamps cannot be changed in the luminaire
