**LUCE
PLAN**

Type: Wall
Lamps: 160W HDG R7s energy saver
Product use: Indoor
Materials: Aluminium painted body, glass diffuser.
Colors: Structure in white or polished
Diffuser in white

Description: This wall light generates a soft and pure light. The die-cast aluminium body is concealed by the almost elliptical-shaped glass diffuser, creating an unusual floating effect. Fed by a halogen energy saving source, its light is twofold, and is also indirectly transmitted through the slit on the base.

Insulation class: 

Reference code: Structure
1D670000002 white
1D670000019 polished
